

SERVICE TOUR CALENDAR

INSPIRE TO LEAD

Inviting multicultural community leaders and volunteers to join our service mapping tours

We invite multicultural community leaders to participate in our service mapping tour as part of our Inspire to Lead Project. This tour offers an exclusive opportunity to visit a variety of government, community services and organisations. The tours will provide first hand experience to engage directly with service providers, gain insights into their offerings, and understand how they support diverse communities.

Key highlights of service mapping tours:

- Discover the range of services available for different communities.
- Connect with service providers and fellow community leaders.
- Foster collaboration to strengthen support networks.
- Promote community resilience and social cohesion.
